

The Scottish Manor

Phantom's retractable door screens chosen for Chicago Home+Garden 2008 Showhouse

“It was important to find a screen solution that would be suitable for several double-French doors throughout the home. More importantly, they needed to retract out of sight, blending into the doorframes.”

LOCATION:	Bannockburn, Illinois
STYLE:	Highland Castle
BUILDER:	Orren Pickell Building Group
PRODUCT:	Phantom retractable door screens
MESH TYPE:	Fiberglass 18/14 mesh
NEED:	The designer needed to find screens for several double french doors that would keep out insects while blending with the unique design of the home.
SOLUTION:	Customized colored retractable door screens by Phantom were installed on each of the double french doors. They blend seamlessly with home's old-world design and offer protection from unwanted bugs.

OVERVIEW

Located in Bannockburn, Illinois, the Scottish Manor is a concept home by Orren Pickell Building Group (OPBG). The house features a highland castle inspired design, complete with stone walls and large-scale fireplaces.

The designers needed a screen to pair with double-french doors throughout the house that would keep out bugs and blend in with the home's unique design. Phantom's retractable door screens were installed in custom colors to match the old world theme and to keep insects from entering the home.

APPLICATION HIGHLIGHTS

Enjoy the breeze without the bugs

The retractable screens feature Phifer 18/14 insect mesh which allows the owners to enjoy the breeze without having to worry about letting in the bugs.

Easy closure with magnet latching system

The original retractable door screen by Phantom Screens that uses a magnet latching system.

Complements any doorway

Phantom's retractable door screens blend with all types of doors, including the double-french doors throughout the home. They can retract easily into their housings without taking away from the home's design.
